Volunteer Profiles

Kiran Malik

Hi! I am a Grade 12 student at John Oliver Secondary School. I am volunteering here to be involved in my community and to get to know the people here. I am a very respectful person and I handle my responsibilities well. I enjoy playing badminton and ice skating. I also enjoy being with kids.

Priyanka Parkash

I chose to volunteer because I wanted to be more involved in my community and it is a great chance to meet new people from a diverse background. Currently I am enrolled in Langara College as a second year commerce student and plan to pursue a business degree from university. In my spare time I enjoy working out, shopping and of course snowboarding in the winter.

Elaine Wong

I started volunteering at Sunset preschool in September 2004. I plan to be an interventionist for special needs children and Sunset is the perfect place for me to learn more about the childcare profession. I really like the staff, and especially enjoy being with all the great kids there.
